JOHNMCDONALDFORASSEMBLY @JOHNMCDONALD108

PAID FOR BY MCDONALD FOR ASSEMBLY

John McDonald DOESN'T GIVE UP.

WHAT'S IMPORTANT TO YOU IS important to John.

GOOD JOBS

Too many have been out of work for too long. It is essential that we create jobs that put people back to work. Whether it's in the tech companies or the industries that supply them with goods and services, John will work to bring back jobs to those who struggle to put food on the table.

QUALITY HOUSING

As Mayor of Cohoes, John turned urban blight into 1,200 new homes. He wants to do the same in downtown Albany and bring the dream of homeownership to those who never thought it was possible.

STRONG SCHOOLS

John believes upstate schools aren't getting their fair share of state aid. He's ready to fight for better schools and increased funding. He wants to see our children graduate and go on to college.

ACCESSIBLE HEALTH CARE

John strongly believes that quality, affordable and accessible health care is a right not a privilege. He will be a health care advocate in the Assembly working to make sure President Obama's health care plan is implemented in NYS and that all who need health insurance get health insurance.

"I WON'T GIVE UP ON THE ISSUES. When you call, I'LL BE THERE TO RESPOND. I'LL FIGHT FOR YOU— FOR GOOD JOBS, QUALITY HOUSING, STRONG SCHOOLS AND ACCESSIBLE HEALTH CARE. I've gotten the job done as Mayor. I WILL GET THE JOB DONE AS YOUR ASSEMBLYMAN. This is one of those times when *EXPERIENCE REALLY DOES MATTER.*" — John McDonald
